Dear FCC,

I am appealing the SLD's decision to not consider my "request for a waiver of the application window deadline". Although I do feel that my appeal of April 23<sup>rd</sup> to the SLD is not really a request for a waiver of the deadline, as I contend that all forms were either filed online or mailed within the deadline. In the attached letter I asked the SLD to review my case, and accept that all forms, including the authorization-block 6 and supporting documents, were in fact mailed within the filing window.

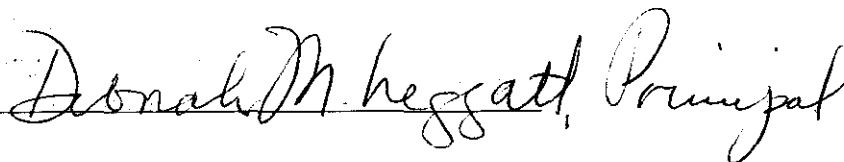

I appreciate your time in reviewing this matter. If after reviewing the enclosed documents you feel that the only means for correcting this error is to consider the matter as a "request for a waiver of the application window deadline", then so be it. Please contact me if any further information is needed or if there are any questions regarding this appeal. Thank you again for your consideration.

Sincerely,

Chris Parkins

Dear Schools and Libraries Division,

I am appealing your letter of March 27 on the grounds that all parts of form 471 were in fact filed or mailed on the 6<sup>th</sup> of February, 2003. Your records should show that all of form 471, with the exception of the authorization-block 6 and supporting documents, was filed on-line the day of February 6, 2003. Later that same day, the remaining documents, Block 6 and other supporting documents were mailed from the Bellows Falls, Vermont post office.

Even though the said documents were deposited in the post office's in-office drop box near the end of the day on February 6<sup>th</sup>, it appears they were not processed until the following morning. I have spoken with the post office in Bellows Falls, and although they do not have an official record of the exact time that the mail was collected, they did concede that I could have put the letters in the box after they had collected the last collection at 5:30 pm. As I was close to one of the last people to leave, before they locked the door that day, I can only conclude that this is what happened. I contend that all papers were in fact mailed within the filing window.

I appreciate your time in reviewing this appeal, and furthermore would like you to know that Brookline is a small rural school with little funds to spare. The loss of E-rate funds would be a detriment to the education of the Brookline students, and to the town of Brookline. Please contact me if any further information is needed or if there are any questions regarding this appeal. Thank you again for your consideration.

Sincerely,

  
Chris Parkins
